Lightpack GT Waterproof

Premium waterproof pannier with roll closure and high quality features. In the spacious main compartment with padded bottom and back wall is also an inner pocket. Outside, an additional zippered compartment offers further storage space, while a padded handle and a removable shoulder strap provide carrying comfort. For more visibility in the dark, the bag is equipped with reflectors and two lamp holders. The bag fits to a wide variety of racks thanks to the Kompact rail with tool-free adjustable hooks. 34 x 40 x 18cm, 16L, 835g, 7kg max. Available now.

Quick installation

2 knobs are used to attach the band to the basket

More visibility

the highly reflective coating increases visibility in traffic

Detachable & secured

two options to mount the band onto the basket

Shines at front & back

usable on front or rear bike baskets – also woven baskets

Easy assembly

the 2 knobs are easily fixed via screw mounting

SeeMe – reflector band for baskets

Be seen with SeeMe. The retrofittable reflector for baskets ensures greater visibility and safety in the dark or wet conditions thanks to its high reflectivity. The robust tape can be mounted on a wide variety of basket shapes either removable or permanently theft-protected. It can be mounted on front and rear baskets made of fine mesh or with woven structure. 51 x 4 x 1,5 cm, Ø 2,8cm, 57g. Available now.

0312	SeeMe packed	22,50 €
0312SET	Compact counter display with 8 SeeMe reflective bands, 14 x 26,5 x 24,5cm.	

Detachable mounting – mount the two knobs. Simply hook the elastic loop around the mounted knob or remove if the band is not needed.

Secure theft-proof mounting – lead the elastic loop through a channel inside the knob before fixing the knobs.

Widens

the standard Handlebar Adapter from 55mm to 100mm

Increases

the distance to the handlebar by 41mm

Combinable

with standard Handlebar Adapter and all clamp sizes

Roomy GT – for carrier

Three new designs for the new season. Extra spacious pannier that is a perfect match for its smaller handlebar sibling. It is easily loaded through its large opening and will happily swallow the day's shopping, but it is just as comfortable on a day trip or on the way to the office. The Vario E hooks ensure that it will fit virtually every carrier, even those with integrated batteries.

25 x 40 x 17cm, 12L, 1000g, 7kg max. Available February 2022.

Roomy – for Handlebar Adapter

Three new designs for the new season. Cuts a fine figure, whether attached to the handlebar or as a fashionable shoulder bag. True to its name 'Roomy', it is unexpectedly spacious and can swallow surprising amounts of cargo through its sizable opening. The sturdy construction ensures it always keeps its shape and it discreetly hides its flat adapter plate under a cover. Those on the lookout for even more room will find a matching pannier with the same design.

24 x 22 x 13cm, 4L, 630g, 3kg max. Available February 2022.

FunBag – for Handlebar Adapter

Two new designs for the new season. Light handlebar bag which works equally well as a handbag thanks to the flat adapter plate. The large front flap with magnetic closure, practical interior and adjustable shoulder strap ensure that FunBag works great on and off the bike. The technology remains in the background, because the coupling element to click on the KLIICKfix® handlebar adapter is integrated into the back of the bag.

25 x 19 x 8cm, 400g, 4L, 2kg max. Available February 2022.

Bikebasket GT – longitudinal, for carriers

Now also available in Twist Blue. Light fabric basket with solid thermoform base and flexible carrying handles. The classic, slanted basket shape provides ample room for both saddle and rider. A drawstring cover makes sure that the contents stay in place and an inner zipped pocket provides room for small items. The stiffening plates can be removed so that the basket can be folded flat. Available February 2022.

KLIICKfix® Shop System

The variable KLIICKfix® Shop System allows you to present our products in a clearly arranged and appealing manner. Through the integration of the KLIICKfix® adapters, the functionality of the accessories can be convincingly demonstrated and tried out by the customer. All adapter modules are movable horizontally and vertically to allow for the perfect product arrangement.

The high-quality shop system can be extended and combined as required. The light box, which can be hung in landscape or portrait format, enlivens the overall impression with various motifs alongside the illuminated KLIICKfix headers. Available in two heights for use as either a standalone or wall shelf. Contact your Rixen&Kaul distributor for details. Available winter 2021.
